

## Cloudways Black Friday | Cyber Monday Promotion

Offer Details – Please Read

[All credit and discount promotions are subject to our Terms and Conditions.](#)

You must create a Cloudways account using the promotional code BFCM2025 [at this link](#) by midnight Pacific Standard Time on Friday, 05 December 2025, to take advantage of this offer.

This offer is open to new customer accounts only. An account is considered new if the email used to create the account was not known to Cloudways prior to this promotion. Current customers who terminate their existing accounts or domain-based workloads to avail this offer under a newly created account, will not be eligible.

Details of our hosting plans and the discounted pricing benefits during the promotional period can be found [at this link](#).

We are applying a 50% discount to your first three calendar months of service usage. This includes the month you sign up, which may be a partial month (for example, if you sign up on November 20th, November will count as your first month under this promotion).

We will apply this discount to your account by adding a credit for each of your first three billable calendar months, equal to 50% off your total invoice amount (including hosting plan and eligible add-ons).

You can request your 50 free migrations anytime until December 31, 2025. All requests will be added to our migration queue, and our team will contact you with the estimated timeline and next steps.

Your first promotional credit will be added during our monthly invoicing cycle, which typically occurs within the first 10 days of the subsequent calendar month.

Cloudways prorates pricing for hosting plans, meaning if you sign up mid-month, you only pay a prorated amount. The first promotional credit will also be prorated to match your monthly invoice, but will still equal 50% of your total spend for that month.

Note: This offer does not apply to Cloudways Copilot and existing customers.

Any questions? Feel free to contact us at [success@cloudways.com](mailto:success@cloudways.com) and we'll be happy to assist you!
